APPLICATION QUESTIONS

1. **Read the book of Jude.** What from this book and this sermon stands out to you the most? Will you be starting or stopping anything based on what you have learned?

2. Out of the five descriptions of a wolf, which ones were most helpful in building your “wolf-detector?” How will you practically use these descriptions to detect and avoid leaders presenting false teaching?

3. Out of the five ways to “persevere regardless of circumstances,” which do you need to focus more of your energy and time on? How might you get distracted from focusing on these things in the midst of a noisy world?

4. **Read 2 Timothy 3:1–9.** Are there any devices, shows, movies, podcasts, videos, etc., that might expose you to the false teaching that you need to be more careful with? How can you take some steps to ensure you are “contending for the faith” even in the quiet of your own home? (Hint: You must consider what you’re children are consuming as well)
